‘.....the answer my friend
is blowin in the wind.....
the answer is blowin in the wind.....’

Resources

Resource Envelope ?

Resource Mapping ?

Resources?

**Resources available for executing a
'village development plan'**

‘development’

Inclusive equitable development of quality of life
of all particularly the vulnerable individuals
families communities based on
available resources

Rural ‘economic development with social justice’

Sansad Adarsh Gram Yojana – Resource Envelope & Convergence - VDP

Resources

The GP as local government, Resources of a GP

Human resources Natural resources

Fiscal resources - GP's

Centrally sponsored & State sponsored scheme funds

CFC and SFC allocations, all 29 subjects of 11th schedule

Why only subjects of the 11th Schedule ?

Why not all the schemes of all the departments of all the Ministries of State and centre ??

Land agricultural , non agricultural, fallow, dairy poultry agri produce

Forest resources Irrigation Canal lakes rivers

Common Property Resources Infra structure connectivity and communications, storage marketing

Social demography , Health, Education occupational skills , entrepreneurship

Banks, NGOs, UN Orgs,..

Resources

**Charge officer
should have a total grasp of the GP its bodies its leaders
the total resources nature quality and extent
and see how develop Model GP Adarsh GP....**

Convergence

Sansad Adarsh Gram Yojana – Resource Envelope & Convergence VDP

convergence

Funds

Functionaries

Institutions

The Circulars of the Centre Ministries

The MGNREGA

The Agriculture dept

The PR

The RD

The 29 subjects 11th Schedule

18 ministries

All the other Ministries schemes programmes projects

Banks, NGOs, Local Industries, UN orgs, Educational Instits

To involve all in the funding and implementation of the
Planned Development Projects of the GPs Village Development Plan

The GPDP?

???

Sansad Adarsh gran Yojana – Resource Envelope & Convergence

Convergence

What and Why Convergence

Sansad Adarsh Gram Yojana – Resource envelope & Convergence VDP

Convergence

.Large number of schemes huge funds scattered , multiple schemes in a district , rampant resource wastage caused by duplication of efforts , lapsing of unutilised funds

..Led to creation of water tight compartments or silos

multiple agencies departments with the same goals not working with each other ..each their own meetings at GPs each their own plans ..one Gp and several plans emanating for the same village in all the CSS and SSS...

...goal of optimising utilisation and outcome can be met by convergence of these resources at the planning and implementation stage at all levels..

Including at the centre and state level considering merging schemes with similar objectives..merger was indeed done .. Now about 60 to 70 by 2016

Sansad Aarsh Gram Yojana – Resource Envelope & Convergence

Convergence

Convergence of financial and scheme resources

Convergence of human resources

Area based Convergence

Project / activity based Convergence

Convergence of schemes for a set of beneficiaries

Convergence to strengthen participation

BRGF, Rashtriya Gram Panchayat Abhiyan

Sansad Asdarsh Gram Yojana – Resource Envelope & Convergence VDP

Convergence NREGA with:

.PMGSY

Avnue plantation maintenance of roads network of rural roads

.Agricultural Programs

Horticulture water harvesting works on individual lands small marginal farmers

.PM Awas Yojana

Connectivity power drinking water and sanitation

.NRLM - SHGs - CBOs

Identification planning of works awareness creation

.National Afforestation Program

Forestation of additional areas Bamboo cane Plantation mixed plantation of economic value trees..

Irrigation Water Resource Depts

Desilting canal, form pond construct , preparation and restoration of water bodies

Convergence of Institutions
The GP Panchayat CBOs , the Standing
committees/Functional Committees
Block and Dist too

convergence

Convergence of Human resources at the GP

From the Panchayat Secretary , all the Scheme official , Vill Agri Extn Officers the Ashaah workers Primary school teachers , Aangan wadi workers, Field assts , VROs ,works Inspector members of all associations of various stakeholders eg SHGs Water users asscns

Technical personnel in depts in schemes at GP Block and Dist as well as organisations n the area and higher education Instits

Explore possibilities of Convergence of schemes of all the 29 Subjects of 11th schedule for PRIs consider at the GP level for Model Aarsh Gram
Chek possibilities of convergence of any or all the available schemes under all the Ministries at the GP Block Dist

Sansad Adarsh Gram Yojana – Resource envelope & Convergence VDP

Convergence**To make it simple**

Take one of the need of the GS the school ...

Take that DPR of that Project..

Several Class rooms , toilets , drinking water, over head tank, approach road to school...drainage .

Now chek ech one of this subcomponents and see if there is provision in any of the CSS or SSS , if need be canit be leveraged from the BRGF, Samagra siksha Abhiuan... any other dept or ministry even if out of the 29 subjects ...access to all programs is universall for all GPs...

Now allocate the funds from each of the scheme to the relevant componenet in DPR of the school.. The money allocated is not enough to have the building in one go ..dont post pone explore all schemes for each of the component of the school construction..

There you have it all ,...labour wages from the NREGA , water and sanitation for toilets and drainage, road networks from PMGSY ... the major building from the Siksha abhiyan..

That simple !

So for each of the project for each of the need expressed in the GS planning meet which is in the VDP /GDP and in the over all perspective of the Development Status Report of the GP....

No dearth of funds or functionaries....

Charge Officer

Be familiar and involved in all the processes of the GP
Coordinate all the functionaries of the CSSS SSS all available
local area institutions organisations

Interact constantly with block and Dist functionaries

Interact constantly with the Dist Coll

and

your

SANSAD

After all its his Baby !!!

All the Best
